Staff is already busy planning & making some changes for next school year. Currently Band has always been an after school program. Christine Heath has stepped up & volunteered to oversee this program during the day @ recess. Christine has a music background.

Improvements on the school themselves are on going. The old gym has been painted, 1 class still to be repainted. New lighting around building to be done over summer. Ramp is to be brought up to code

Treasurers Report:

We have \$1370.86 over our reserve of \$1500. We discussed & it was decided to leave the funds to carry over to the start of the new school year so funds were available.

Fundraising:

Magazines: Jennifer James to oversee this again in the fall. If we sign up to do the program for the next 2 years, we will receive an extra 5%. It was agreed & Jennifer to do.

BBQ: Stephanie Kola to oversee this with help from Tracey Brown. Teachers would like to take a part in this so we will require fewer volunteers.
